

DIRECTIONS:

Cut out each circle and face. Have students match the number to the correct base ten block circle, tens frame, and tally marks.

Students glue the number and correct representation together with a face and create a caterpillar. Student may also draw feet to complete the look.

To make this a center, use card stock paper and laminate. Have students put together, but do not glue down. This way numerous students can do it over and over.

NEEDED:

Scissors and glue

Or card stock, scissors, and laminating machine
